

Unincorporated Services Committee Presentation

March 26, 2025

Measure X Phase 1 (Stations 7, 22, & 25)

Alameda County Fire Department
"Dedicated to superior service."

Measure X Bond Summary

- November 2020 – ACFD Fire Safety Bond (Measure X) approved by community
- \$90M in general obligation bonds to repair, upgrade, and replace outdated fire stations in unincorporated communities of Ashland, Castro Valley, and San Lorenzo

Alameda County Fire Department
"Dedicated to superior service."

Program Summary

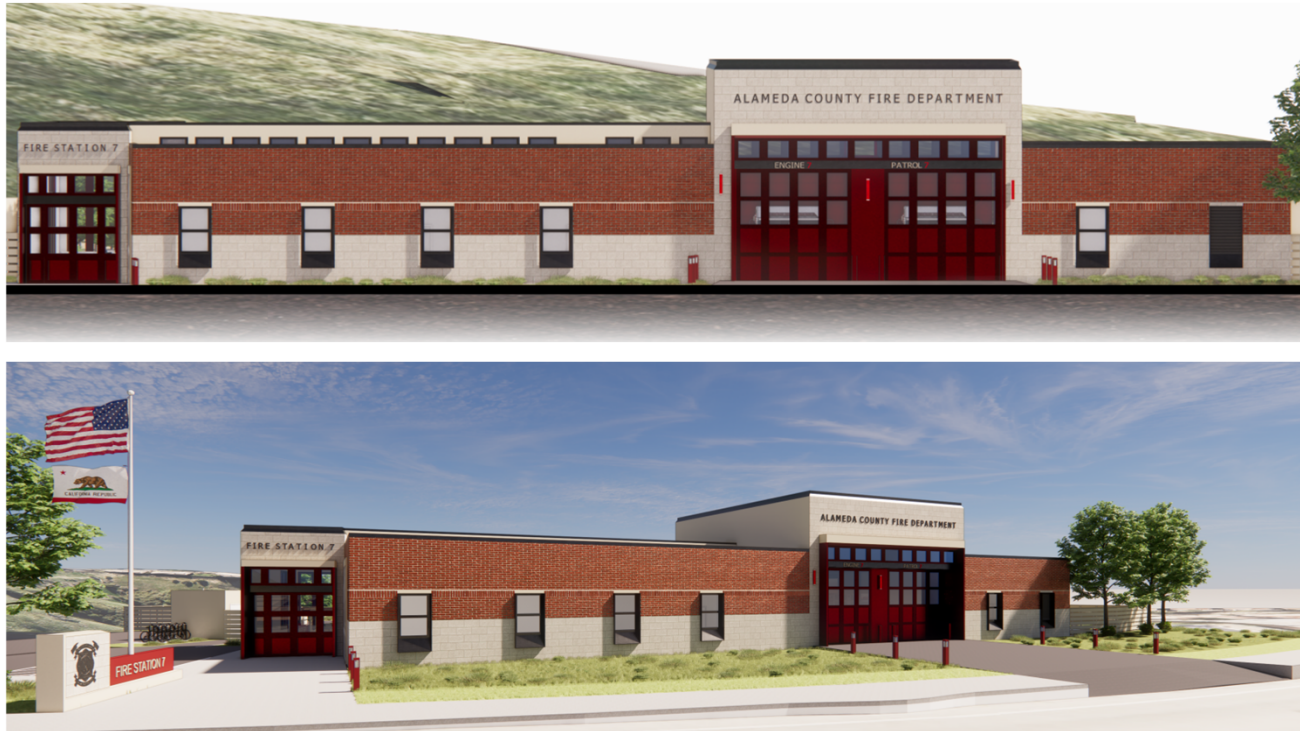

- Stations under first phase of program:
 - Fire Station 7 (Castro Valley)
 - Fire Station 25 (Castro Valley)
 - Fire Station 22 (San Lorenzo)
- Fire Station Builds are being constructed using Design-Build method
- All Stations will incorporate public art
 - Community will be an integral part of the art selection committees

Alameda County Fire Department
"Dedicated to superior service."

Alameda County Fire Department
"Dedicated to superior service."

Current Status/Next Steps – Station 7

- Re-zoning of parcel has been approved by Board of Supervisors on March 13th Board meeting
- Design Builder has started the process to continue the design development from the Bridging Documents
- Initial phases of permitting process

Fire Station 25 Castro Valley

- 20336 San Miguel Ave
- Station being built on same site as current station
- Primary apparatus:
 - Type 1 engine
 - Tiller truck
 - Battalion Chief
- Daily Staffing:
 - (8) personnel

Alameda County Fire Department
"Dedicated to superior service."

Current Status/Next Steps – Station 25

- Voluntary Remedial Action Agreement has been executed with ACEHD. The Design Builder's environmental consultant has engaged with ACEHD to further evaluate potential mitigation measures required for the site.
- Lease agreement is in place with Castro Valley Sanitary for lease of the administration building for the Interim Fire Station 25
- Design Builder has started the process to continue the design development from the Bridging Documents

Fire Station 22 San Lorenzo

- 587 Paseo Grande
- Station being built on new site
- Primary apparatus:
 - Type 1 engine
- Daily Staffing:
 - (3) personnel

Current Status/Next Steps – Station 22

- Phase II Environmental Site Assessment has been submitted to ACEHD for review and determination of next steps for site mitigation
- Coordination with PG&E to remove the existing power pole on site
- RFP for Design Build Entity services expected to be released in May

Architectural Character

- Modernized “traditional” Fire Stations
- Unified exterior finishes
- Unique features by Station and neighborhood/site

FS 25

FS 22

FS 7
